Heart trouble caused illness while Mr. Lewis was in New York last week, and he was brought to his home on Monday was brought to his home on Monday last. He was born in South Reston, and was fifty-one years cid. He had been on the stage for about thirty years. In course of his career Mr. Lewis had appeared with Edwin Pooth, Mary Anderson and Edgar L. HARD WORK.

When Your Nerves Give Way, Dr. Greene's Nervura Builds Them Up and Makes Honest Strength.

Act in Time.

The woman who does her own work and takes care of children has need of all her strength. All around us there are examples of what overwork will do. I. overtakes the nerves too, and then trother on fire. Then followed the explosion of the powder in a second building, seemingly greater than the first, and following came the explosion or powder in a third building. When the first explosion occurred the women and men ran from the buildings in which they were employed, and athe succeeding explosions came they were thrown from their feet.

The detonation was heard over the greater part of Sinten Island. Persone came from every direction. Then came the firemen. All of the other twelve atorehouses were in danger, but the firemen and men forming buoke brigades braved death to keep the flames in check.

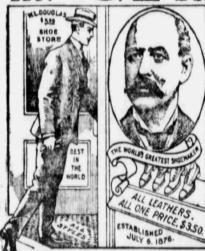

Smith was taken to St. Vincent's Hospital, and there it was said that he would die. The value of the three houses and the 10,000 pounds of powder is about \$16,000.
